Offering to share my quiet home.

Two rooms are available. The second-story room has a queen bed.

The ground floor room can be set up for a single with a queen, or shared with two twins.

There are two bathrooms, one next to the upstairs bedroom and another on the ground floor.

Very clean and quiet, I live alone with two sweet kitties.

Recent email from guests ~

“We wanted you to know how much we appreciated staying with you and to thank you for all your hospitality. You have created such a beautiful space that is so welcoming to visitors. We found we could just kick back and enjoy the retreat knowing we would be coming back to your tranquil home.” ES & RJ, Philadelphia PA - January 17, 2017
